SUBJECT: Follow-up Actions by DED as a Result of [ ]  
R&D Trip During May 1969

25X1

REFERENCES: (1) Memorandum for the Record, "Visits to Various Organ-  
izations Engaged in R&D for NPIC" by [ ]  
[ ] 21 May 1969

25X1

(2) Memorandum from [ ] "Follow-up Actions to  
R&D Trip" [ ] 23 May 1969 with Attachment

25X1  
25X1

1. The following are DED actions:

(a) Initiate clearance requests for [ ] people.

25X1

(b) At the request of [ ] will submit their  
"Advice and counsel" on "effective ways to manage and direct the  
P.I. effort without making it so automated and mechanical as to  
destroy individual initiative".

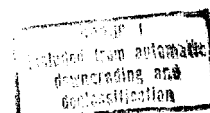

25X1

(c) Provide IEG with any of [ ] findings relative to  
the careful selection of operators for the High Precision Stereo  
Comparators.

25X1

(d) Along with PSG, DED is to investigate whether the  
computer programming for the High Precision Stereo Comparator  
should be done in-house or by a contractor.

(e) TSSG (DED) to coordinate with PSG "follow-on work in  
cloud screening including determining best method for cloud  
screening, determining which method has greatest gain, arranging  
for interface between target indexing device and data base infor-  
mation, and further study of style and appearance of output of  
the target indexer".
